

HAYAKAWA—AT—THE COMMISSION HEARING?

THE SENATOR'S POSITION ON.....

INTERMENT OF JAPANESE AMERICANS DURING WORLD WAR II

IRANIAN SITUATION

"...Hayakawa said Tuesday he will introduce legislation authorizing the President to declare all Iranian nationals in the United States enemy aliens so they can be interned 'the way we did the Japanese during World War II.'... 'We interned 110,000 Japanese during World War II and we managed that all right.'"

REDRESS ISSUE

"It reminds me of the highly fashionable minority group game that was going on all through the 1960's. First, you claim to be a victim of racial injustice - that's in order to make the white people feel guilty. Then when you've gotten them feeling guilty, you make them pay and pay... I'll filibuster against it (redress legislation) personally."
